

Heidelberg Wallbox. Spare parts and accessories.

Replacement Wallbox Type 2 charging cable and replacement Wallbox Type 2 protective cap

Essential spare parts for your Heidelberg Wallbox

The replacement Wallbox Type 2 charging cable in lengths 5.0 m and 7.5 m restores the reliable connection between the charging station and your hybrid or electric vehicle. The charging cable may only be assembled by a qualified electrician. The matching replacement protective cap is the ideal complement to protect the connector from the elements.

Mode 3 - Type 2 charging cable

Practical accessories for your Heidelberg Wallbox

The Mode 3 - Type 2 charging cable can be used to charge your hybrid or electric vehicle at public charging points or stations with charging power outlet when you are on the move.
